“Keeping Trials Alive”

November 2019

Dear Members,

Please note we have a club trials planned for November and December, and help with the working parties on the Saturday will be much appreciated. I hear that the stinging nettles are a bit overgrown at Wainscott, so a few hours scrub bashing is going to be required at this location before we can set out the sections.

Gentle reminder – as we approach the end of 2019 we all need to start thinking about renewing our club membership and ACU licences. Please club membership renewal form on page 2.
